

Contract Newsletter

G & G = Greater Growth

Okay it doesn't really, but it might as well. We are helping our valued contract customers expand their businesses like never before. Recent partnerships have shown annual increases of 2x, 3x and even 4x the amount of business in the space of a year. Now who wouldn't want some of that?

QUALITY CONTROL

After a recent audit on G & G by a prospective client the results were favourable to say the least. "A competently organised service that we can use without hesitation...", "Excellent in-house training facilities and tutors", "The storage areas are excellent" and "Respectful and competent atmosphere ... which reflects good management."

This is something that we have known at G & G for a long time and now others are aware as well!

Our G & G Website is up and running so you can enjoy our on-line shop, find out information on our own label products as well as reading

www.gandgvitamins.com

the G & G Internet Newsletter.

GENERICIS

We now also have a Generic range of 40 products which you can order from as little as 100 tubs of 30 capsules up to 1000 tubs of 90 capsules, all under your own company name (see the enclosed leaflet for more information). It is now possible to supplement your existing range with a brand new product from as little as 60p per tub (e.g., B6), and you only have to take 100 tubs. The ideal price if you want to try out a new product.

VEGETARIAN CAPSULES

In recent months the increase in the use of Vegetarian cellulose capsules and Organic products has escalated beyond belief. We have now encapsulated over 500,000,000 vegetable capsules in our Class L cleanroom. For those of you who may not know G & G are certified by the Soil Association to handle Organic products and we are currently encapsulating 60 Organic herbs, fruits and vegetables with over 100 available. If you would like to upgrade your product to an Organic one then please let us know.

Registered trademark of the Soil Association Ltd.

During March and April we are offering £300 worth of FREE *new* formulation advice! Come and visit our Managing and Technical Director Jeremy Stephens. Make it a memorable day out, discuss new products, meet the sales team, enjoy a light lunch and really expand your business!

CONTACTS

Finally, the G & G sales team would like to announce the appointment of a New Contracts Manager, Simon Mill, who now joins the team of Myles McEntyre, Ron Reynolds and Subir Shrestha all still under the direction of the Director of Sales Kathy Windle. If you need any new products or wish to order more of your existing products, then you can contact us on the numbers below. We have also upgraded our email and now you can contact us by using the first initial and surname

**Telephone number: 01342 312811
or Fax: 01342 315938.**
